“ I love exploring and going on adventures to appreciate the beautiful landscapes our world has to offer.

### Personality

Reflective

Observant

Organized

Adventurous

### Bio

Gary currently lives in San Francisco, where he works as a self-employed photographer but likes to do Uber from time to time to interact with people. He loves going on hikes, exploring beautiful landscapes

### Goals

- Reduce the amount of trash in the streets of SF
- Find a way to change the problem with littering and illegal dumping.
- Get more people involved on the issue to find a solution

### Frustrations

- Lack of time due to his two jobs.
- No individual benefits for fighting the issue.
- City leaders are not doing enough to fight littering and illegal dumping.

### Brands

### Payment medium

Digital Payment

### Platform

Website

Mobile App

# Affinity Map

## "Yuck" Problem

Pollution spreading all over various community areas. With **Cities** and **Towns**, holding the highest trash pollution.

Various trash consist of:

- Dead Animals
- Dirty/Broken Items (Plastic Bags, Shatter Glass, Clothes)
- Foul Smell
- Rotten Food
- Increasing Homelessness

With 77 - 80% of the communities having to be greatly concerned of the situation. Wishes to be taken care right away.

Alex Yu
